Dockets Management Branch (HFA-305) 54 Docket No. 98N-1265 Food and Drug Administration 5600 Fishers Lane Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

enabled me to live a quality of life that was not available to me through other avenues. Limiting or restricting the ability of these specialty pharmacies to ship prescription medications would be unfair both to the pharmacy and to the people they serve. I urge the FDA to allow people and their doctors to make decisions regarding their health and well-being. Thank you for your consideration.
